Definition	Equity security is a security that represents ownership in a corporation. In general, stocks are riskier than debt securities as they has a lower priority claim , in the event of liquidation. The advantage of holding the ownership is that the holders will enjoy the success of the company through the dividend and capital gain. However the holders have also a chance of receiving no dividend and capital loss.
Classifications	<p>Market comprises of domestic and international. Domestic market refers to the market that locates within Thailand's territory, otherwise is international markets.</p> <p><u>Involved party classifications</u></p> <ol style="list-style-type: none"> <u>Residency</u> <ol style="list-style-type: none"> Residents comprise all institutional units that have a center of economic interest within the economic territory on significant scale with a period of at least 1 year.
